MOTION Infinity DynaMESH + Bluetooth Group Intercom for unlimited amount of Riders up to 1200m range - per Person

The MOTION Infinity is the first headset on the market to offer Bluetooth 5.0 and DynaMESH Intercom. In addition, there are many functions integrated into a headset for the first time, such as the **U-SAFE** crash sensor. This alerts up to 3 contacts via SMS with GPS location information and displays on a map in the event of strong helmet impacts such as an accident.

The MOTION models are also the first headsets to offer contactless gesture control. With simple hand movements within a sensor beam next to the headset the music can be controlled from a smartphone. Voice commands are also understood and can be adapted to your own pronunciation. Siri and Google Voice are also supported.

The headsets switch on automatically when you move and switch off again automatically after a few minutes without activity, thus saving energy for a longer battery life. The intercom/intercom system groups can be started at the touch of a button. A coupling is possible with all Bluetooth devices as well as via Universal Intercom, even with all Bluetooth headsets from other manufacturers.

The CLEARLink Smartphone App allows easy configuration of headsets, displays battery status and includes a manual and interactive instructions. Firmware updates can be done wirelessly via the app.

The MOTION headsets come with three brackets and are therefore suitable for all motorcycle helmets: Integral, off-road, flip-up, jet helmets, but also ski, riding, bicycle and construction helmets.

Single #180508 Dual #180509

MOTION 6 DynaMESH + Bluetooth Headset Group Intercom for up to 6 Riders up to 1200m Range - per Person

The MOTION 6 is in the same design and offers similar features as the MOTION Infinity. Only the maximum number of connected riders in the group is limited to 6 and the **U-SAFE** crash sensor is missing. Otherwise, the following features are identical: Music from the smartphone can be shared with other riders and even heard in the background of a conversation. No more annoying microphone in front of the mouth: Two invisibly installed Dual MEMS microphones with patented noise suppression ensure the best communication even in noisy environments.

 BOOMLESS HELMET COMMUNICATOR
LITE

MOTION 4 Lite Bluetooth Headset Group Intercom for up to 4 Riders up to 1200m Range - per Person

The MOTION 4 Lite is new for 2020, and offers similar features as the MOTION 6 but is limited for up to 4 riders.

Gesture control and voice command feature is not included, but SIRI and Google Voice are also supported. The MOTION 4 Lite will be available as a single pack only.

AMP^{GO}

HELMET AUDIO SYSTEM

BLUETOOTH • MUSIC • CALLS • INTERCOM

Single #161237

AMP GO MULTI-HOP Bluetooth Headset Group Intercom for up to 4 Riders up to 300m Range - per Person

The AMP GO is a Bluetooth 4.2 headset. In addition to the intercom function for up to 4 riders, all other functions such as telephoning or listening to music and navigation announcements are also supported.

The AMP GO can also connect to all Bluetooth devices such as smartphones, GPS and headsets from any manufacturer. The AMP Go has the two microphones built directly into the speakers. It also has some comfort features such as music overlay for entertainment, can connect phone calls to Intercom and supports Siri and Google Voice. Using the CLEARLink app, all functions can be easily configured and firmware updates can be wirelessly uploaded.

New product 2020

AMP^{GO2}

AMP GO2 Bluetooth Headset

The AMP GO 2 is new for 2020 and for drivers who only need a 1:1 intercom and also want to make calls, listen to music and GPS announcements - with a range up to 250m per person.
